

SCI eUniversity – Senior Housing Campus

Purpose of SCI eUniversity

[SCI eUniversity](#) provides online learning opportunities that enhance contributions, increase commitment, improve productivity and have a positive impact on your organization's bottom line. Demand for online training has hit an all time high, as it reduces the costs and logistics associated with live, classroom training programs and provides a flexible, on-demand learning environment to address the needs of the participant.

Senior Housing Campus

SCI offers a full suite of web-based training modules in partnership with Upstairs Solutions to provide Skilled Nursing and Assisted Living staff with over 100 courses approved for Continuing Education Unit (CEU) credits.

Assisted Living Series

- *Abuse & Neglect*
- *Activities of Daily Living (ADL)*
- *Administrative*
- *Compliance*
- *Dementia*
- *Dietary*
- *Falls*
- *Family Education*
- *Infection Control*
- *Nutrition*
- *Resident Care*
- *Safety*

Skilled Nursing Series

- *Abuse & Neglect*
- *Activities*
- *Activities of Daily Living (ADL)*
- *Assessments*
- *Compliance*
- *Dementia*
- *Dietary*
- *Elopement*
- *Falls*
- *Family Education*
- *Infection Control*

These courses combine best-in-class content, animation, demonstrations of activities, and audio to produce comprehensive training modules. The interactive games and quizzes encourage employees to apply what they have learned, thereby reinforcing the concepts in the module. The self-paced format of our training allows each person to absorb the information at a pace that is best suited to their learning needs.
